

**TRANSLATE.
SIMULATE.
SUCCEED.**

VICTORIAN TRANSLATIONAL SYMPOSIUM

6 September 2024

Join us for a landmark event where we explore how translational simulation is revolutionising healthcare.

Brought to you by:

VICTORIAN TRANSLATIONAL SYMPOSIUM

Learn from experts about how translational simulation enhances systems, drives quality improvements, boosts training and staff engagement, and improves patient outcomes.

Secure your spot and be a catalyst for change in healthcare!

Date:

6 September 2024

Time:

8:30am–4:30pm

(networking, canapes and drinks 4:30pm–6pm)

Location:

The Western Centre for Health Research and Education (WCHRE) Auditorium at Sunshine Hospital, Victoria

Cost:

\$350 per person

(places are limited)

Highlights of the day:

- Innovative team presentations
- Engaging and interactive panel discussions with pioneers in translational simulation
- Ample opportunities to share knowledge, exchange ideas and build connections that will drive future collaborations and innovation.

Registrations

To register and view the agenda, scan the QR code, or visit vicsim.org.au/events

**Keynote Speakers****Dr Ben Symon**

Director of Clinical Simulation,
Mater Health

**Dr Chiara Santomauro**

Research Fellow, Safety
Science Innovation Lab,
Griffith University

**Professor Janet Anderson**

Anaesthesiology and
Perioperative Medicine,
Monash University
